17. To bid on an opportunity, a Tenderer must be registered on the Open Construction Source List used to tender the opportunity. If the legal name of the Tenderer does not appear on the Open Construction Source List, then DCC may consider their bid as being noncompliant. If you change the name of your company, it is therefore very important that you notify DCC of the change as well as consider making the change to your MERX account.
18. If you are forming a Joint Venture for the purpose of bidding on a contract, then at least one of the members of the JV must be registered on the Open Construction Source List used to tender this opportunity. If that is not the case, then your bid will be considered noncompliant.
